Facebook gerund door OBAMA kонтеннеukers

MISTER WAR OBAMA zelf is feitelijk DE BAAS van FACEBOOK. Suikerlulletje is het gezicht om jonge mensen aan te trekken!

Hierover ga ik heel erg kort zijn. Al degenen die Facebook gebruiken zijn OERDOM, en horen tot de ondersoorten van de Homo stupidus en staan dus heel erg ver onder alle planten en dieren. U vult dat dus verder zelf maar in, wat ik hiermee werkelijk bedoel!

Ik ga ook niet al teveel vertellen uit de post die me is toegezonden. Want, alles is al jaren bekend. FACEBOOK, [Twitter](#), Instagram, Google en Microsoft zijn eigendom van inlichtingendiensten en werken dan ook voor de CIA, NSA, MI-6 en Mossad. En, ze CENSUREREN ons. Dus, u gebruikt die zoi. Dan is het normaal dat ze alles van u weten. Zie [dit](#) en [deze website](#) om op de hoogte te blijven van het echte nieuws.

For instance, Facebook's censorship head, also known as "Head of Cybersecurity Policy," is a man named Nathaniel Gleicher who previously prosecuted cybercrimes at the U.S. Department of Justice (DOJ). Gleicher also worked as Director for Cybersecurity Policy at the National Security Council under Obama.

Joel Benenson, a former top adviser to Obama and chief strategist for failed presidential candidate Hillary Clinton, also now works at Facebook – as does Aneesh Raman, Obama's former speechwriter who's now in charge of Facebook's "economic impact programming."

There are many others as well, including:

- Joel Kaplan, Facebook's Vice President of Public Policy, who worked for George W. Bush as the White House Deputy Chief of Staff for Policy
- Sheryl Sandberg, Facebook's Chief Operations Officer, who used to work in the United States Treasury Department under Bill Clinton
- Kate Patchen, Facebook's Litigation Counsel, who previously worked in the Department of Justice
- Meredith Carden, head of Facebook's "News Integrity Team," who worked in the Office of the First Lady under Obama

De houding van de (EU) politiek, wetenschap, religie, 'geheime' clubjes, denktanks en bank maffia naar mij toe is even beledigend als alle woorden die ik gebruik om hun houding te omschrijven

- Sarah Feinberg, head of Facebook's Communication Team, who was Special Assistant to the President under Obama
- Joe Lockhart, Vice President of Global Communications at Facebook, who worked as Press Secretary under Bill Clinton

In essence, Facebook has become a who's-who of government swamp creatures, most of whom were Obama's cronies previously – and these are the people deciding what constitutes “real” versus “fake” news.

“It appears the government is using Facebook – the world's largest social media company – to sway public opinion,” writes Jeff Charles for Liberty Nation.

“The company has employed a significant number of former officials in positions that grant them influence over what content is allowed on the platform.”

Facebook is also now run by “neocon” war hawks pushing a globalist agenda

In case you didn't know, Facebook also recently formed a partnership with a neoconservative “think tank” known as the Atlantic Council, which is tied to the pharmaceutical industry, the military-industrial complex, and to the federal government itself.

The Atlantic Council, The Free Thought Project discovered, plays a major role in deciding what content is allowed to be published and shared on Facebook, and what content isn't. And the Atlantic Council is funded in large part by the United States government, it's important to note.

“It is a telltale sign of a corrupt industry or company when they create a revolving door between themselves and the state,” writes Matt Agorist for The Free Thought Project.

“Just like Monsanto has former employees on the Supreme Court and Pharmaceutical industry insiders move back and fourth from the FDA to their companies, we found that Facebook is doing the same thing.”

David Recordon has similarly reported on the revolving door between the federal government and Facebook, emphasizing the incredible amount of political influence that's wrapped up into the day-to-day functionality of Facebook.

“... there are dozens of former Obama staffers, advisers, and campaign associates who quite literally fill Facebook's ranks,” Agorist adds. “It is no wonder the platform has taken such a political shift over the past few years.”

Moet ik aan deze VERKOCHTE KLOTENZOOI nog meer woorden vuil maken? En zie, onze politieke KONTENNEUKERS maken er alle dagen gebruik van. Waarom? Ze verguizen Suikerlulletje

in het EU parlement en daarna gaan ze met zijn allen de applicaties met ontelbare privéonvriendelijke klootzakkerijen van deze Rothschild kontenneukers gebruiken?

Tja, dan kan het niet anders of de Homo corruptus politicus is een debiel of een kontenneuker! Wellicht beiden?

Zie de [docu](#) 'PEOPLE SHOCKED TO LEARN FACEBOOK IS SPYING ON YOU!'

Ook dit fascistisch KUTVENTJE is nu gelukkig dood! Verongelukt met zijn privéliegtuigje.
